

# THE EASTERN IOWA DXER

SPRING 1988  
CLUB NEWSLETTER OF THE EASTERN IOWA DX ASSOCIATION

## CLUB OFFICERS

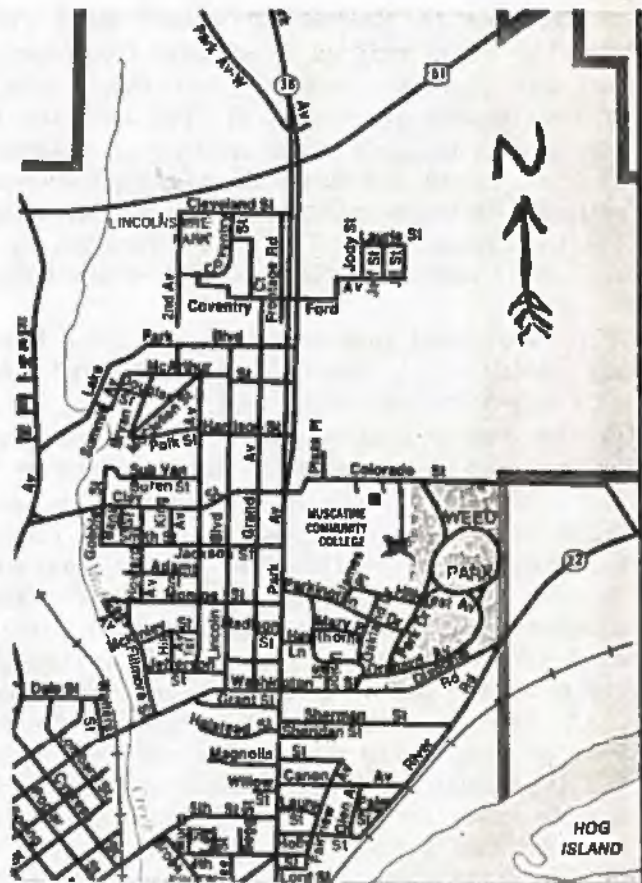

President: KJØH John Schwandke

V. Presidents: WØMP Tom Lindgren

Sec/Treasurer: NØØH Jack Muckler

Awards & Contest Chairman: NØØP

Newsletter assistant: W4NIM Bob Hill

## SPRING MEETING NOTICE

### Muscatine meeting Site-April 15th:

The Spring Meeting of E.I.D.X.A. is being held in a special meeting room (your going to like it) at Muscatine Community College. The Social, with refreshments begins at 7 PM with the meeting to start at 7:30 PM.

The map shows the Northeast side of Muscatine. The reference point for out-of-towners, would be the intersection of Highways 38 and "61 By-pass", at the top of the map. The college campus is located in the middle of this map. As you come down Colorado Street, continue past the first two main parking lot entrances, and proceed up the third entrance, which is a lane that comes along the back of the campus and leads to the cablevision facility (look for their tower). Our meeting building is up this lane and talk-in will be on 145.17 Mhz. using standard split.

## THE PREZ SAYS !

Welcome to Muscatine! That's what I'll be saying to you at the April 15th meeting to be held at Muscatine Community College. The location has changed, just for this one meeting, but everything else remains the same. The social, with refreshments begins at 7PM with the meeting to start at 7:30. As I warned you guys after last years election.... railroad a poor innocent, out of town, DX'er and you might not have all meetings scheduled in Cedar Rapids! Of course, the ultimate revenge could end up being that nobody will come. PLEASE, don't force me to consume all of the refreshments by myself. My diet has been going very well and I would hate to shoot the whole thing in one night.

I understand that some of you have been searching the obituary columns for my name. Well, since I'm not a "ghost writer" you may discontinue the search, as I am alive and well, and still living in Muscatine. I just haven't been active in the contests or on the DX Repeater lately, since accepting a position with KCH Radio in Washington, Iowa. After a five year absence, I have returned to the Broadcast Radio Advertising game, and moving into the position as Sales Manager is consuming a lot of my time recently. I intend to relocate my residence to Washington sometime this summer and will be dismantling the tower and beams in June , after the CQWW WPX "CW" Contest. I've been looking at properties around the Washington area and have some of the local Realtors rather confused as I describe the features that I am looking for, in a home. They keep asking boring things like... "but, Mr. Schwandke, just what style of a home are you looking for? Ranch... Colonial? 3 bedroom, or four? color? one, or two car garage?" I reply with, "Any of those would be just fine.... as long as it sits on the highest point in town, doesn't contain any trees taller than 75 feet, sits on top of a copper mine, or an abandon radio station site, has an extremely big yard, with at least one 3 foot by 1,500 foot strip of land heading off 45 degrees, east of north. If there are any neighbors, close by, they should either be blind, or an Amish family that doesn't beleive in having a television set!" I usually get interrupted about this time, as they ask mundane things like "but, Mr. Schwandke, what about square footage and price range?" "Are you looking for something in the 50's, 60's, 80's... what price range should I be looking for?" Yeh..."any of those would be fine" I respond. "As long as it's got at least a 200 Amp service and three 220 Volt outlets in one of the lower level rooms." It's usually about this point of the conversation that they start walking away shaking their heads. So, you can see some of the disadvantages that I face while planning a move to a small town where the house selection is so limited.

E.I.D.X.A. is fortunate to have such a talented group of active DX'ers and testers. For a group of such small numbers, you'll have to admit that we make Iowa look pretty impressive when the contest results are printed in the various National Publications. Because of our location, in the central United States, it is difficult, however, to finish in the top 10 Nationally when put against the "East Coast" advantage! Occasionally however, one of us does it! I think that is diserving of special recognition! If you check page 92, of your April QST magazine, you will see that Wade, WØEJ, has done just that. Iowa winner, Division leader, and number 5 National single op. winner in the 160 Meter Contest! As far as total QSO count, Wade was number 3 Nationally. Way To Go Wade !!

That's all for now. I hope to see you all in Muscatine on April 15th !

EIDXA club minutes  
January 15, 1988

President John Schwandke, KJ0H, called the meeting to order at 7:35 PM in the Marion REC Building, Marion, Iowa. W4NIM moved that the minutes of the Oct meeting, as published, be approved. Motion carried. Seconded by W0EJ---motion carried. Motion by W4NIM, seconded by K0IIR, that the treasury report be approved as published. Motion carried. All present introduced themselves, both members and guests.

Members in attendance---W4NIM, W0SH, W0NIM, K0BA, NC00, NU0P, W0BZRL, W0NB, W00UKE, K0BY6X, K0RW, K0J6H, W0PPF, NX0W, W0PLS, KC00, W0IZ, W0SR, NG0W, K0GT, W0EJ, K0IIR, AB0H, K0GVB, KZ0C, W0WP, KJ0H, NB0H, W0BHL, and K0VZR.

Guests for the evening---W0NGZ, Arnold Bucksbaum---W00H0J, Don Roessler---K00VPH, George Gruenther---W00L, Ron Borkgren

Contest Coordinator NU0P, Steve White, presented stickers to W0IZ (worked 261 countries in 1988) and W0WP (worked 233 countries in 1988) for endorsements for their Golden Jubilee diplomas earned last year.

A roster of the contest teams was given to all present. W4NIM and NU0P offered explanations relative to the methods used in making up the various teams and their captains for the upcoming ARRL DX contest.

W0EJ announced that he was getting together another order for QSL cards. All interested are to contact Wade ASAP.

W4NIM informally proposed that the EIDXA group become involved in a video being put together at Washington High School. The project involves showing how hams prepare for a DX contest and possibly include operating scenes. No commitments were made. Bob also suggested that the club consider setting up a booth for publicity purposes at the next Cedar Rapids hamfest.--Deferred until the April meeting.

New Members voted in the the club:

W0BZRL	Tom Varva	Full member
W0NB	Jim Livengood	Full member
NX0W	Dan Veerhusen	Associate member

prospective member, Ron Borkgren Submitted application for membership.

W0SR, reported on DXAC committee business. Things of interest included the decision to reject the proposed roll back of the CW DXCC start date to 1945, the S0 possible new country status, and the DXAC re-writing the country criteria rules.

W0EJ, Iowa Section Manager, reported that he needs more reports from other clubs around the state in order to help coordinate activities.

President KJ0H, congratulated W0WP, for the fine newsletter and thanked Bob, W4NIM, for his printing and distribution of the club paper.

John also put forth to the group the following questions:

- How large of membership do we want?
- Do we want EIDXA jackets, shirts etc?
- Do we want to aggressively solicit new members?

NG0W, Keith, related that our club may desire to become involved with a Linn county historical society now under way in putting together a story about Arthur Collins, W0CXX. A motion by W4NIM, recommended that W0SR and NG0W be the club's representatives on the board.

Motion to adjourn made by W0EJ was uncontested--meeting adjourned 9:00 PM.

Program for this meeting was in two parts--propagation studies between Cedar Rapids and Point Barrow, Alaska; the second program a slide show of the Island hopping escapades of SM0AGD, cleverly dialogued by Eric via cassette recorder. After the meeting the premises were policed and vacated approximately 11:00 PM.

Secretary/Treasurer EIDXA  
Jack Muckler NB0H

# TREASURES REPORT

## General Fund                      Repeater Fund

Carried fwd	\$379.41	\$156.00

## Contesting....

Results published in April 1988 QST magazine for the 1987 ARRL 160 meter contest find 3 nice scores turned in by our club members. Wade, W0EJ, won 1st place in the Midwest division, took the Iowa section and finished 5th nationally, not too bad! John, KJ0H, took second in Iowa and NBSM and crew came through with a nice multi-op score. Nice job guys!

## ARRL DX CONTEST SCORES

I have not heard from the contest teams on the final outcome of our in club competition. We'll have to "iron out" the scores at the upcoming meeting. Steve Miller passed along his scores to me via the landliner:  
106,929 pts 3SB  
420,552 pts CW

Nice scores Steve!

## Are you going to Dayton?

The SW Ohio DX ASSn will again host a DX dinner during the Ham Vention, to be held at Stouffers Dayton Plaza Hotel Fri, April 29. (Previous guest speakers have included N9KNI, VE3BMV, KH6BZF and W1YL.) Reserve with a check or money order payable to SMOOXA for \$20 and an SASE to Jay Slough, K4ZLE, 8183 Woodward Dr, West Chester, OH 45069.

## Odds and Ends.....

With the quarter cost of a US postage stamp now implemented, N7RO QSL service has adjusted his rates to compensate for the increase. Dick passed along to me in a recent QSO that it will now cost \$1 for every 8 QSLs he handles. Still much cheaper than doing it yourself.

Speaking of QSLs, I read in a recent QST article that ARRL 100 per cent affiliated clubs can send QSL cards to the Outgoing QSL service in group mailing. Would this be worthwhile for us?

ARRL Bulletin #29 may be of interest to RTTY and packeteers.

NR ARRL BULLETIN NR 29 from ARRL Headquarters  
Newington Ct. March 24, 1988  
To all Radio Amateurs BT

The FCC today proposed to reorganize its rules governing amateur radio. According to FCC, this has not been done since 1951 and the result of ensuing technological advances and operational changes is the patchwork quilt of rules that is often confusing, particularly to prospective licensees.

The extent of substantive changes being proposed is not known at this time, but is said by FCC to be minimal. The actual text of the notice of proposed rule making, PR DOCKET 88 139, is said to be 87 pages long and may not be available for several weeks. Comment deadline will be August 31, to allow ample time for study and response. AR

## DUES DUES DUES....

K0CF, W0EAN, W0FO, AK0M, KD0Q, N4RR, W0VX, and KC0YK all still need to pay 1987-88 dues. This will be your last NEWSLETTER if not paid prior to the next mailing. If you can't make the Muscatine meeting, pay NBOH ASAP, thanks.

## HANDYMAN SPECIAL

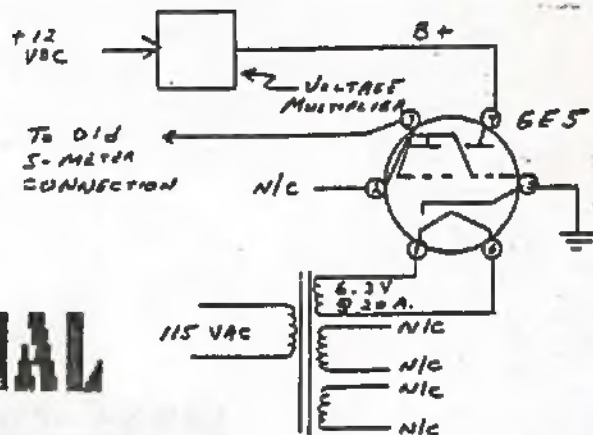

Figure 1

### Adding a "Magic Eye" Tuning tube to the TS-930

As most owners know, the Kenwood TS-930 is a fine rig with the exception that the built-in S-meter is poor in appearance and awkward to use. With little difficulty, however, the S-meter can be replaced by a sophisticated, green "magic eye" tuning tube as used in Gonset Communicators in years past. The electrical changes are simple: follow the schematic in figure 1. The existing S-meter can be removed with a pry-bar or wood chisel. The front panel opening is then enlarged with a rat-tail file, and the "magic eye" tube is fixed in place with white "medical" adhesive tape. Use tinsnips to cut an empty Suetets can to form a new bezel. Paint it grey for a professional appearance. The filament transformer for the 6E5 tuning tube can be obtained from any junk TV set and mounted on the top cover of the transceiver, 2 1/4 inches in from the right rear corner.

--N4GG

### NEW SOFTWARE FOR C-64 :

"Dr. Ragchew" is now available. Following on the success of the popular "DR. DX" computer program, which simulates actual DX contacts on the amateur bands, GEARVAK Software Labs have now announced "DR. RAGCHEW", a program which simulates typical 75 meter QSO's!

Available on AM and SSB version, "DR. RAGCHEW" can carry on a conversation at any time, on any subject, such as comparing gear; antennas; how many hundred db over S-9 you are; SWR; and it includes a 25 minute long 73 and sign-off routine.

A sub-routine program for Q.C.W.A. members includes questions and comments on how things used to be; why transistors don't work; prostrate trouble and other things that get you up in the night.

"DR. RAGCHEW" also provides various types of deliberate and malicious interference such as "testing, testing, hellooooooooooooo radiooooooooo; VFO Sweeps; music; catcalls; woodpecker noise; and 20 over nine power-line noise which comes intermittently.

**AGENDA**  
**E.I.D.X.A. APRIL 1988 MEETING**

- 1. APPROVAL OF JANUARY MINUTES**
- 2. SECRETARY/TREASURERS REPORT - Jack**
- 3. PRESIDENTS REPORT:** A. Introduction of prospective members  
B. Reminder of mandatory A.R.R.L. Membership  
C. Brag Table Participation
- 4. 145.19 REPEATER ACTIVITY:** A. Net Report - NCØØ & NØGQB  
B. Comments
- 5. CONTEST/AWARDS CHAIRMAN REPORT: NUØP - Steve**
- 6. OLD BUSINESS:** A. QSL Card Orders - WØEJ  
B. EIDX Video - W4NIM  
C. EIDX Slide Program - (3 photos from each member desiring to participate. KJØH Chairman - goal is to be completed by the summer meeting. (35mm Photographers?)  
D. EIDX Booth @ C.R. Hamfest? If so... need chairman!
- 7. NEW BUSINESS:** A. Section Mgr. Report - Wade WØEJ  
B. DXAC Report - WØSR  
C. Summer Meeting - Cedar Rapids in July? Dinner Program?
- 8. OTHER BUSINESS: A. Brag table reminder**
- 9. ADJOURNMENT**
- 10. TEN MINUTE SOCIAL FOLLOWED BY PROGRAMS - VIDEOS**
